- (2) Head-to-Head Point Differential is the difference between the winning and losing score in all head-to-head games. The team with the largest number of points in all head-to-head games gets the higher seed. Example: Team A wins 20 to 14 (6pts) over Team B, and in another game Team B wins 20 to 6 (14 pts) over Team A. Team B would be the winner with the larger point differential. If there is still a tie then,

- (4) Coin toss.

- The possession will consist of four downs starting from the 10- yard line
- Penalties will be properly enforced during overtime play
